Title: Price of Dental Implants in Tehran 1404 (2025) – Cost Per Unit & Reasonable Prices

Original Link: https://drahmadizade.com/■■■■-■■■■■■■-■■■■■/

Introduction

Currently, dental implants are one of the popular therapeutic methods for replacing lost or damaged teeth. One of the important issues for those seeking implants in Tehran is the cost and price of dental implants. In Dr. Ahmadi Zadeh's specialized dental clinic in Tehran, payment options include cash and three interest-free installment plans.

Price Ranges for Different Implant Brands

- Korean implants: from 15,400,000 Toman

- Swiss implants (Straumann): approx. 29,400,000 Toman

- Swiss SLActive: 30,000,000 Toman

- Neodent (Swiss): 23,000,000 Toman

- German implants: 27,400,000 Toman

- French implants: 26,400,000 Toman

- ICX (economical): starting from 21,900,000 Toman

- Straumann/Neodent: 19,500,000 to 24,000,000 Toman

- Advanced Straumann (Roxalid Active): 35,900,000 Toman

- SLActive: base 30,900,000 Toman

Cheap vs Premium Implants

- Budget implants: ~ 9,500,000 to 11,500,000 Toman

- Best quality implants: ~ 18,900,000 to 25,900,000 Toman

The final price depends on brand, number of implants, and any additional treatments.

Factors Influencing Implant Cost

- Bone thickness: If bone is insufficient, a bone graft may be needed, raising cost

- Clinic differences: Equipment, brand usage, and dentist's experience affect pricing

- Brand & country of origin: Implants from Switzerland, Germany, Korea, etc. have different costs

Fixed Full■Jaw Implants

For patients without any teeth, full■jaw fixed implants are a solution. The expense includes multiple implants, surgery, and prosthetics.

Dental Implants vs Dentures

Dentures can cause discomfort or poor fit. Implants provide a more stable and long■lasting alternative.

Premium / Luxury Implants

Top implants in 1404 are priced from 23,900,000 up to 29,900,000 Toman. These typically come with lifetime warranties.

Installment Options at Dr. Ahmadi Zadeh Clinic

Payment plans include:

1. 30% down payment + 2 checks

2. 50% down + 3 checks

3. 70% down + 4 checks

Cost per Unit

Price per single implant unit ranges from 8,500,000 to 25,990,000 Toman depending on brand and accessories (e.g. abutment, crown).

Additional Costs

Other treatments that may increase total cost include:

- Extracting remaining roots

- Sinus lift (open/closed)

- Bone grafting

- Soft tissue surgery

- Ridge expansion

- Lateral ramus grafting

- Abutment, surgical consumables

Popular Brand Prices

- Korean Megagen: ~ 11,000,000 Toman

- Ostem (Korea): ~ 11,000,000 Toman

- Dentium: ~ 10,000,000 Toman

- Zimmer (USA): 18,000,000–20,000,000 Toman

- German ICX: ~ 8,000,000 Toman

- Iranian brands: cheaper alternatives

Digital Implants

Using 3D imaging and digital planning reduces trauma and speeds recovery, but costs more.

Insurance & Discounts

Implant procedures generally aren’t covered by insurance. Some complementary insurances may offer partial coverage.

Discounts offered include:

- Biotem (Korean): 10%

- Swiss implants with PFM crowns: 2%

- Korean abutment prosthetics: 15%

- Swiss implants: 20%

Summary

- Implant costs in Tehran vary widely by brand, clinic, procedures needed, and additional surgeries.

- Always consult a specialist and get a full treatment plan before committing.

- Installment plans may ease payment burden.

- The clinic claims to provide real costs and transparent pricing.
